Hydrolift C-27

The Hydrolift C-27 is the ultimate family cruiser designed for adventure and comfort. Its convertible cockpit and unique two-stage V-hull offer unmatched versatility, making it ideal for active families who love the open water. With high sidewalls enhancing passenger safety, the C-27 provides a safe and enjoyable boating experience. Renowned for its exceptional balance and precise handling, this model effortlessly cuts through waves and offers full control and stability even at high speeds. Inside, the thoughtfully designed cabin is flooded with natural light from the diamond-shaped window and comfortably accommodates up to four adults (2+2). The clever layout includes a discreetly concealed toilet under the bed, maintaining a sleek and functional aesthetic. The C-27 combines elements of international design with the practicality that Hydrolift is known for, striking a balance between sportiness and elegance to create a luxurious yet practical weekend cruiser. Whether you’re heading out for a coastal cruise or a family vacation, the Hydrolift C-27 combines style, safety and exciting performance to make every trip unforgettable.
