100 Yacht

The all-new Sunseeker 100 Yacht is the epitome of a luxury yacht. Powered by MTU 12V 2000 M96X as standard or MTU 16V 2000 M96L engines as an option, the 100 Yacht accommodates up to twelve guests and five crew in complete luxury, reaching speeds of up to 30 knots.
A striking Owner Stateroom forward with a private bow terrace, sunbathing hideaways, a breathtaking single-level exterior deck from flybridge to foredeck, a beautifully proportioned open-plan interior and generous ‘Beach Club’, just a few of her magnificent features.

The revolutionary Sunseeker ‘Beach Club’ provides an exceptional area to relax at water level. The tender garage can accommodate a Williams 460 Sportjet and GTX255 jet ski, with plentiful stowage for SeaBobs, diving equipment and paddleboards. The innovative X-TEND™ system offers several seating arrangements, facing aft in its lowered position or, at the flick of a switch, forward at cockpit level.

The vast flybridge on board the 100 Yacht flows seamlessly into the foredeck with uninterrupted walk-around access on both sides. The foredeck provides a social space with two separate seating arrangements plus an oversized sunpad. The essential raised pilot house, central to this yacht’s innovative design, incorporates a glazed sliding door aft, allowing uninterrupted views forward from the flybridge.

Its unique main deck, penthouse-style saloon and luxurious staterooms offer a new-found design direction and material selection providing elegant interiors to enchant any owner. The layering of textural elements and the mix of furnishings and fabrics feels timeless with a modern twist that exudes simplicity and sophistication. Floor-to-ceiling glazing floods the generous saloon with natural daylight, complemented by sliding doors to starboard, helping to bring the outdoors in. A stunning feature wall forward of the dining room showcases exposed and seemingly floating stair treads leading to the wheelhouse above on the port side and lower deck access to starboard. The large, fully equipped galley forward is concealed behind a feature bulkhead, and offers plentiful space and direct side deck access for crew.

BYCHL YACHT CENTRUM

The unique main deck layout includes the Owner’s Stateroom forward for even greater flexibility and freedom on board. This full-beam stateroom offers a large lobby entrance, walk-in wardrobe with feature shelving, an office and generous en suite. Bathed in natural light courtesy of expansive panoramic glazing, owners can access a first-in-class bow terrace for ultimate privacy through a cleverly sculptured, fully-glazed sliding door forward.

The yacht can be specified as a four or five cabin boat, ideal for the charter market. In either case, the twin amidship cabins can be fitted with Pullman berths for added flexibility. The crew cabin is also worthy of mention, featuring a Captain’s cabin with en suite, two twins each with en suite, a highly specified crew mess.
