BYCHL YACHT CENTRUM

Sunseeker Hawk 38

The Sunseeker Hawk 38 is a high-speed motorboat designed for extreme performance and dynamic handling. The design features a stepped hull developed by Fabio Buzzi Design, enabling the boat to reach a top speed of up to 62 knots. The vessel is primarily designed for day use.

The layout of the deck and cockpit is optimized for ergonomics and safety at high speeds. A striking feature of the interior is the sporty, contoured red seats with stitching. The forward section of the lower deck features a practical space with a toilet and sink.

The Hawk 38 is a limited edition that combines advanced naval architecture, high performance, and the build quality standards typical of the Sunseeker brand.

270 000 EUR excl. VAT
