BYCHL YACHT CENTRUM

Sunseeker Manhattan 50

This charming model, which was introduced to the Manhattan lineup in 2005, offers exceptional performance thanks to two powerful Volvo Penta D12-715 (715 hp) diesel engines, impressive maneuverability, exceptionally responsive steering, and comfortable cruising in all weather conditions thanks to two wheelhouses.

Although the Manhattan 50 is smaller than its sister models, it embodies all the stylish characteristics of this series without exception.

380 000 EUR incl. VAT
